- Soft Skills:** Enthusiastic, Team player, Adaptability, Customer Focus

French (Native), **English** (Intermediate B2), **German** (Good understanding)

Work Experiences

ARTZ·DEV 2021 - Now
Altkirch, France
As a freelancer, I managed the entire process of website development, from designing mockups to deploying in production.

Electrician 2010 - 2018
FR/CH
MCIB - Hecken (FR)
Das Team - Basel (CH)

Interests and Hobbies

- Hosting services on my own infrastructure
- Volunteer at a community radio station (technical work and reporting)
- Sports: Swimming and skateboarding

Projects

Ferme du Roetling www.fermeduroetling.fr
Showcase website developed with *Astro*, using **TypeScript**

- Mobile First** design
- Improved **SEO** and site performance
- Versioned codebase using **conventional commit**
- Implemented client/server-side data validation using the *Zod* with efficient server-side validation in *Vercel's* **serverless functions**

Mine Saint-Nicolas www.mine-saint-nicolas.fr
Website for the Saint-Nicolas mine developed with **Next.js** and **Tailwind CSS**

- Versioned codebase with **Git**
- Continuous Deployment (**CI/CD**)
- Hosted API-Driven CMS (Directus) in **Docker** on **GNU/Linux** (*Debian*) VPS
- Implement **Edge Function Runtime** for Incremental Static Regeneration (**ISR**)
- Developed a **Node.js** extension for *Directus*

Quetsch'App app.radio-quetsch.eu
React Native Android mobile application

- Implemented home screen controls
- Fetch and revalidate data from the backend API
- Developed a standalone web player page as a workaround for iOS users (<https://player.radio-quetsch.eu>)

PigePy pigePy.git
Python command-line tool for archiving radio shows.

- Implemented a scheduler that automatically removes archived shows after a user-defined number of days, optimizing storage management
- Provided users with configuration options to customize archiving and scheduling settings to suit their preferences and needs
- Implemented **multithreading** to enhance performance, enabling concurrent tasks

Educations

Titre Pro DWWM [IRFA-EST](#) **2021**
Professional Certification in Web and Mobile Development.

MCAS **2012**
Additional Certification specialized in Elevator Installation and Maintenance [Louis Armand High School](#)

Bac Pro ELEEC **2008**
Baccalauréat Professionel: Electrical Engineering, Energy, Communicating Equipment [Jean-Jacques Henner High School](#)

BEP ELEEC **2006**
Brevet d'Études Professionnelles: Electrical Engineering, Energy, Communicating Equipment [Charles Stoessel High School](#)
